Honorable Judge Schreier,

I am writing in response to the Governments response to my compassionate release. Your Honor, when you had denied my last motion you had stated about arrest during pretrial release and a previous felony conviction which were all dismissed; Doc 70-1 36, 39,40. Since being incarcerated I have taken anger management and RDAP which has guided me in containing my past anger issues and also helped with my criminal thinking and behaviors. While taking these classes I have learned many tools to help me make rational decisions along with tools to help me be a productive prosocial member of society. Through this experience of being in prison it has taught me a very harsh lesson in which direction I want to take my life. As of Janurary 15, 2022, the B.O.P. has implemented the First Step Act credits which I am eligible for, and my recidivism is scored as Low due to all the programs I have completed to better myself while being incarcerated. I am eligible to recieve a full year of credits which would put me in the halfway house if they were to apply the credits.

Your Honor, I am not asking for a sentence reduction. I am asking for a modification of my sentence to home confinement for the remainder of my sentence after the credits have been applied. I would be living with Kelly and Amber Aear, at 5804 W. 57th St, Sioux Falls, SD; phone (605) 988-4330. I have job opportunities lined up with Underground Solutions and Valvoline Instant Oil Change. I also plan to setup active counseling sessions with Bartels counseling and Carrol Institute. I sincerely regret my actions that put me in the position that I am in today and with the strong support system I have in place through my church and family I have the help I need to stay focused and on the right path to be a productive member of society. In closing I want to sincerely thank you for your time in this matter and your consideration for the options that are available to me.

Sincerely,

Michael Goldberg
